Integrated managed care

As of January 1, 2019, the majority of the state's Apple Health programs combined physical and behavioral health into integrated managed care. With integrated managed care, Apple Health will coordinate behavioral health services instead of a Regional behavioral health organization (BHO).

Behavioral health treatment in a clinic is available through Wellpoint. To access these services, contact us directly.

North Sound began integrated managed care on July 1, 2019.

Three regions waited to combine physical and behavioral health until January 1, 2020:
