Wellpoint community doula network

Connecting you with community doula services in New Jersey

Wellpoint is proud to say we now cover community doula services. We know becoming a parent can be a transformative life experience and getting supportive care during this time is key.

A community doula is a trained professional who gives ongoing physical, emotional, and informational support to a mother before, during, and just after birth, as well as during the postpartum period. Please note, doulas complement the role of medical care providers and do not replace doctors or midwives. A doula cannot deliver a baby but can offer support during the delivery.

If you need help finding a community doula, please call Wellpoint Member Services at **833-731-2147 (TTY 711)** or email us at nj1obnicucm@wellpoint.com. We're here to help you with this valuable service, providing information and connections from our community doula network in New Jersey.

Download our *Pregnancy and Beyond Resource Guide* to learn about our Taking Care of Baby and Me® program and how you can support your well-being during pregnancy.
