

## Care Provider Training Opportunity

New Jersey | Medicaid

### You are invited: HEDIS, documentation, and coding education

You are invited to our webinars for network providers, coders, billers, and office staff. Earn a continuing education credit for each webinar!

Upcoming topics include:

- Improving the patient experience
- The role of CPT® Cat II codes and risk adjustment in comprehensive care management
- E/M, medical necessity, and denial prevention
- EHR accuracy that improves quality and risk scores
- Intersection of chronic conditions and healthy nutrition
- Enhancing cultural competency to address health disparities
- Building a Strong Pediatric Foundation: Integrating EPSDT, Immunizations, and HEDIS® Guidelines

Register with a smartphone or device. Use the following methods to register:
